

7.2.1 - The two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice I - Title of the Practice:- Community Out rich Drive

Objective of the Practices:- A. To install values of social and national importance. B. Generating awareness among the students for voluntary community service

The Context - As the student community of this institution is a part and parcel of the continuously developing society, so the institution is very much keen to develop a sense of responsibility among the students for the nation and society.

The practice - Respecting the unit caption, the college ensures the involvement of the students in different community related works and developing a sense of responsibility for doing the best at times of the need of the nation. The college in practice, did all these things through NSS, NCC and other cells of the IQAC during the COVID-19 situation and during the Severe flood that visited Barak Valley in 2021-22 session.

Evidence of success - The following works of the teachers speak aloud about the responsibility of our students towards the emergence of 21st century.

- Flood campaign within Serispur area 10th January 2022.
- Our Special Campaign for Awareness Programme on COVID-19 08th March 2022
- Voter's awareness campaign 30th January 2022
- Observance of International Women's Day 08th March 2022
- Observance of Bhasa Sahid Divas 19th May 2022
- Observance of World No Tobacco Day 31st May 2022

Problems encountered and resource required - For involving most students in community service and to take up more programs, the institution needs to have more fund.

Best Practice II - Title of the Practice:- Go research

Objective of the Practices – A . To publish papers in national and international referred journals.
B. Organizing seminar / workshop / Guest lectures.
C. Improving the quality of teaching learning process.

The Context - Research is unending quest for knowledge and the rapidly developing world provides scope for research in different directions. For achieving a better society, research is an essential parameter.

The practice - Research is an extremely necessary for an emerging institution like S. S. College, Hailakandi, and both the teachers and students go together for developing a research culture within the college campus. For that the college has provided the following:-

- Dedicated research and publication cell under the IQAC for the development of the research culture.
- The college Research Journal named "PURSUIT" where in the teachers are contributing their research article.
- ICT based tools for the promotion of the research work.
- Internet and wi-fi connection all throughout the campus.

Evidence of success – A. 26 number of teachers out of 41(Forty One) have completed their Ph.D. degree under the continuous assistance and encouragement of the research and publication cell.

- Several number of research articles are published by the teachers in several journals of the country.
- There are also international publications (journals) too.

There is a tremendous development of the teachers in teaching learning as they are regularly exposed to the latest areas of research.

Problems encountered and resource required - The research and publication cell of the IQAC needs more fund for developing and strengthening the research culture of the institution. It requires more ICT based tools for the students and the teachers for encouraging the continuous process of research development.
