BEST PRACTICE 1

Go Clean: Save Environment

- i. To keep environment pollution free
- ii. to keep balance in environment
- iii. to create awareness among the students & neighborhood community

The Concept

In this world of technology-based developed society, thousands of organisations work hard to keep the environment free from industry based pollution. The students' communities of this institution are also a part of this fast developing society. They always interact with the teachers on the issues of environmental pollution. Hence this innovative programme has been taken up by the institution and it is one of the best practices of the college.

The Practice

Respecting this unique caption, the college ensures that the 15 katha of total land of the college campus area and 18 Bigha of Play ground and Hostel campus should be a "Tobacco Free Zone". The green landscape of the college is surrounded by the trees and beautiful botanical garden.

The institution has huge number of waste boxes and sterilized system. The wide range of waste generated from the Department of Chemistry are disposed of in a tank outside the Lab which is cleaned after 15 days. The volunteers of NCC & NSS leave no stone unturned to make the campus plastic free and clean. In this innovative way, the College makes its total land clean & thus try to save environment.

Evidence Success

The waste boxes, drainage system, and the waste disposal system by the department of Chemistry, widely speak a loud about the success of making the institution clean. The trees are planted particularly in the Environment Day. In the process of cleaning particularly making "tobacco – free" & "Plastic free campus", the main source of the institution is its own students. The students in association with the teaching faculty realise the necessity of cleaning environment for the better livelihood. Time and again

the college used to organize seminar, lectures to make the students sensitize on the issues of environment.

The college has even tie-up itself with the Municipality Hailakandi to maintain the cleanliness of the college canteen.

Problem encountered and resource required

The primary problem regarding environment is the lack of knowledge of the people on preserving pollution free environment. Apart from that e-waste outside is also a great threat to the environment issues.

As the college is in scarcity of finance so it is very hard to maintain 100% cleanliness within its campus and outside. Government project and necessary finance and aid of the Government are need of the moment to maintain the environment.

Notes: - The college also extend its all-round help for maintaining cleanliness within the adopted village of the institution.

BEST PRACTICE 2

Project Title: - Development of Institution – Community Network

To give exposure to students in experimental learning beyond traditional class room.

To involve students in social service which promote social networking skill

To create a linkage between the institution and community and society

To motivate students to solves the problems of the society

Through Blood Donation and awareness, the students are encouraged to create a bridge between the institution and society.

Context

The Concept

For a healthy society, the institution tries to create a bond between the students and the society. It also keeps the stakeholders and the students connected with one another and tries to inspire the spirit of extending help to others. Thus, the students develop a sense of social responsibility and tolerance for each community living in the society. It also boost some kind of problem solving and decision making capacity of the students.

The Practice

OFFICE OF THE PRINCIPAL

SRIKISHAN SARDA COLLEGE

NAAC Re-Accredited 'A' grade with a CGPA of 3.12

(Affiliated to Assam University, Silchar)

ESTD – 1950

P.O HAILAKANDI, Dist. – HAILAKANDI, PIN – 788151 (ASSAM)

The NSS & the NCC units of the college play a major role in making the project successful. The NSS and the NCC units along with the Health Cell of the College organize one day blood donation awareness camp. Apart from that, the college also used to organize extension activities outside in the remote village by providing Legal awareness to the people of the Garden area. The students and teachers also use to participate Government empowered programmes like – Swachha Bharat Abhijan, Azadi ka Amrit Mohotsav, World Environment Day etc. which definitely provide scope for the students to involve themselves in community service.

Evidence of Success

The community service by the students in and outside the college helps the students to develop their leadership qualities and speaking power in public gatherings. The students of this college thus hold the post of different political parties (Congress, BJP etc.) time and again. These type of community services certainly push the students to become an “altruistic individual”. The community also get the benefits of the service.

Problems encountered and resource required

The volunteers of NSS and the NCC are guided by the assigned teachers called programme officers and they have undergone with necessary training by the Headquarters.
